

Folsom HOG Chapter Riding Etiquette

From the [Folsom CA Chapter #1787 Rider Guide](#)

1. Arrive at least 15 minutes before the posted ride departure time to ensure you
 - a. Sign in; and
 - b. Attend the ride leader and Road Captain pre-ride briefing.It is your responsibility to add your name to the Ride List to receive your Road HOG points.
2. Have a full tank of gas.
Gas stops are planned about every 75-100 miles.
3. Conduct your TCLOCS inspection prior to arriving ensure you--and others--will have a safe ride.
4. Wear or bring weather-appropriate clothes—not just for the departure time, but for the duration of the ride. We often ride in varied terrains, and weather conditions can change quickly.
5. Do not assume we will stop at any particular time for a coffee break or lunch break. While we always attempt to make appropriate stops, there may be times that the route does not allow us to do so. Bring a snack or something to drink if you feel you may need something prior to a scheduled stop.
6. Use the rest room before departing. As is the case with gas stops, circumstances may prevent a rest stop for a longer than normal time.
7. Most importantly, RIDE AND HAVE FUN!
